FARMVILLE.

The growth of our Normal, I mean the State Normal located at Farmville, during the past two decades has been beyond the fondest hopes and finest fancy of its fastest friends. When that great educator Dr. W. H. Ruffner, with less than ten assistant teachers took charge of less than one hundred Virginia girls, in the old school building, which had been donated to the State by the town, we were all gratified and hopeful, but had not even a dim conception of what we now see. Could we have looked far enough into the future it would have been to have pulled down the old building and to have begun from foundation stone. And yet with that as nucleus others have been gathered about it and when the plans have been perfected we are going to have a collection of school buildings of which any commonwealth might be justly proud While the minds of the girls are being trained by trained and able teachers their physical wants are being just as carefully guarded. It is a school but at the same time a home. No mother there but most orderly care, no father, but strong arms upon which those away from home may lean with assured confidence. The rooms are beautifully furnished, well ventilated and lighted, the dining room is one of the most attractive in the state and the kitchen scrupulously clean and sanitary in its every feature. The cook has been on duty since the school opened and is an exxert. The laundry is up-to-date, the library, and reading room well supplied with heapful reading matter, while a religious atmosphere envelopes the entire plant. This is Virginia's best gift to the girlhood of the State. Farmville appreciates it in highest and truest sense that this splendid institution should have been located within its gates. So far Richmond has'nt had the cheek to ask that it be removed to that city, though she did grab Union Seminary and is now feeling hard after Hampden Sidney.

Our Board of Supervisors meet once a month and keep well in hand the financial affairs of the county It is composed of prudent business men whose conservatism, got the better of them when they refused to have the county represented at the Jamestown Exposition. It was a direct blow at the very best interests of the county and one from which it will rally slowly.

At one time, and not many years ago, there were eight resident lawyers of Farmville. Now there are only two and they don't seem to be overworked. The world may be growing to b more and more luxurious but litigation is one of them that our people at least are learning to do without.

The details of the Thaw trial are being read by many of the newspaper readers of our town as though each one had some personal interest in it, and so long as there are readers there will be publishers, Merchants are looking for saleable goods and newspaper owners for readable articles.

Tus time approaches when fresh impressations will be poured on the heads of the officials who ordered the gutting down of the shade trees. Some people earnestly believe that a man who would cut down a shade tree is fit for "treason, stratagem and crimes."

Mr. E. T. Bondurant, one of our most prosperous and progressive farmers is being talked of in connection with a seat in the next legislature.

Fresh fish from the Appomattox at this season are the very best. We have no successful fishermen now and they are rarely seen in the market. Why farmers who have ponds don't raise fish as they raise hogs is a mystery. And I wonder also why some of them don't cultivate the black berry. There is nothing like it in the berry family. The fact is it is very, very good. The wild berries are easily found, easily transplanted and the cultivation is simple.

The Mother's Club, of Farmville, is doing good work, and this is not to be wondered at as all our mothers are good mothers.

Our military company, the Farmville Guard, have spick and span new uniforms and the 'boys' all look fine in them.

Messrs. Martin and Garland have formed an insurance partnership and are hustlers from way back.

Now and then a Normal girl slips home and surprises everybody by getting married, and some of them return to Farmville, not to books, but as brides. A warm welcome awaits them no matter in what relation they return.

A most remarkable season of religious services has been conducted recently at Hampden Sidney College. I am told that there is not a member of the student body who is not now or soon to be a member of the church.

A half witted negro boy in town, who is by the way, the most reliable wood chopper to be had, is of the firm opinion that George Washington and Abram Lincoln "got de cullud folks free."

When 'Jack' Walker and 'Clyde' Duvall get behind their respective quick steppers with the return of good roads season there will be 'hot times' on the highways.

Our banks closed on the 22nd but no one read Washington's "Farewell."

Rev. Mr. Harte, pastor of the Baptist church, has been on the sick list.

The High school at Rice is an assured fact.

There is universal hope among our people that little Miss Spring will simply unlap hoary-headed old winter.

The New Pure Food and Drug Law.

We are pleased to announce that Foleys Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug Law as it contains no opiates or other harmful drugs, and we recoomend it as a safe remedy for children and adults.

Do Not Crowd the Season.

The first warm days of spring bring with them a desire to get out and enjoy the exhilirating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and unsnied their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, how ever, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it.

Chamberlain's Cough Remedy is both Agreeable and Effective.

Chamb rlain's Cough Remedy has no superior for coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. S. Pelham, a merchant of Kirksville, Iowa, says: "For more than twenty years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in case of croup. Children like it and my customers who have used it will not take any other."

DO YOU GET UP WITH A LAME BACK

Urinary Trouble Makes You Miserable.

Almost everybody who reads the news at all is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great scientific triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing sore back, kidney, bladder and uric acid troubles, Bright's Disease, which is the worst of kidney trouble.

Swamp-Root is not recommended for everything but if you have kid ney or bladder trouble it will be found just the remedy you need. It has been instrumental in doing many, many hopeless cases, even those pronounced incurable by doctors, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and one dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Most people know that if they have been sick they need *Scott's Emulsion* to bring back health and strength.

But the strongest point about *Scott's Emulsion* is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

And it contains no drugs and no alcohol.

Where The Money Comes From

Most of the money comes from the users or consumers of farm products. Are you getting your share of all this money? Our new almanac lays down necessary rules for fertilizing, planting, cultivating, top dressing, harvesting and preparing for market your crops of cotton, tobacco, corn, vegetables, fruits and grains. If you desire big profits, use from 400 to 1000 pounds of high grade

Virginia-Carolina Fertilizers

per acre on all your crops, and you will be agreeably surprised at your greatly increased yields. Ask your fertilizer dealer, or write us for a copy of Virginia-Carolina Fertilizer almanac, which is written by some of the most experienced and successful farmers in the South. While it is free to you, many farmers say the almanac is worth $1.00 to them for its suggestions.

OLD BUCKINGHAM.

THE GRAND OLD COUNTY PHOTOGRAPHED.

Many Interesting Reports Made of Her People.

Buckingham.

Well the moon has changed, and the colored people say that we are to have some open spring weather now.

Tuesday the 19th was the day set by administrator' Fores for the Banton Sale.

Friday the 21st is to be visitor's day at the High School.

Mr. A. H. Robertson has completed a map of Buckingham for the public schools and pupils are using it as a model.

Miss Nellie Stinson was called home on the 14th by the illness of her brother.

I heard a gentleman say he saw R. R. ties selling for 66c each delivered on the track in one of the counties of the State. Old ties are being cut and ties split out of them, and I saw a man in the top of a big white oak saving the limbs off to keep it from falling on the telephone wire, he then cut and split it into ties. One man claims to have gotten 35 ties out of one tree about two miles from this place; he says the tree was too large to saw, and they split 33 1st class and 2 2nd class out of it, and the tree was so large that two men cut on the job at a time and it was all they could do to get their axes to reach to the heart (Next).

Miss Fannie Fitzgerald entertained her music and art class and some other friends at her home on Friday evening, the 15th, those attending were: Misses Sallie Rice, Fannie Charleton, Minnie McCraw, Mable Denton, Ruth Oliver, Roma Garnett, Hallie and Emma Haskins, Mary and Appling Moss, Dorothy Peast, Virginia Fitzpatrick, Carrie Fitzgerald, Olga Cabell, and Bessie Patteson. The young men and boys who attended were Messrs. Frank Swoope, Thomas Hall, Eddie Glover, Grandison Rogers, Walter and Frank Garnett, Leon and Richard Grigg, Beverly and Peyton Moss, Dancey and Willie McCraw, H. Blankinship, Bernard Forbes, Watson Rogers and Maxfield Pease. The young people seem to have had an enjoyable time, but some of them got their feet wet crossing the river which was high.

It is as yet a matter of conjecture who will be put forward by the Democrats as candidate for the Legislature. Why is it that we have to join with Cumberland to get one representative, when in the days gone by, we had one member from Buckingham and then a "Bloater" delegate from Buckingham and Cumberland? Can it be that the population is not as great now as then? Why was it that some years ago we elected a clerk of the County Court and another man as clerk of the Circuit Court? And why was it that at the next election for clerks of the Courts we elected one man to fill both offices? i would be pleased to have one of the intelligent citizens (of whom Buckingham can boast so many) answer these questions for the information of the younger readers of this paper.

The Baptists here have secured a minister for one year and he preached to them last Sunday.

Mr. Patrick Forbes was married on Sunday and will make his home in Lynchburg.

Mantico

Mr. S. B. Gibson is spending some time in Lynchburg at the home of Mr. J. C. Womack.

Mr. A. C. Horsley lost a very fine mare last week.

Mr. H. E. Cook, C. & O. Agent at Warminster, attended the burial of his uncle at Columbia last week.

Dr. T. H. Lacy held his regular services at Emanuel and Grace churches on Sunday last. To hear him is to be helped.

Tobacco has been going to Farmville pretty steady for the past ten days and prices seem to satisfy.

Mrs. A. F. Brady, of Howardsville, spent last week in Lynchburg.

At a meeting last Friday it was decided to change the site of Woodland M. E. Church and build a new church on the new site which will be about 3½ miles from Manteo on the Manteo and Wingina road.

Rev. W. P. Provience is an earnest worker and seems to be liked by every one.

Many thanks to our Buckingham correspondent for his kind expressions of appreciations, but I am sure his letters are the first sought out by many of the many readers of our beloved TIMES.

Rev. W. P. Provience will hold services at Woodland Church on Sunday next at 2:30 p. m.

Miss Nellie Nash is spending some time at Norwood, Scottsville and Hardware.

Mr. H. M. Harris and force are at this saw mill on the fine estate of Mr. O. M. Sutton, after an absence of several months on account of sickness.

So R. F. D. carriers are to receive $900 per year. That is something like the right thing.

Mrs. Henry Wilson.

This esteemed lady died at the home of her daughter, Mrs. D. L. Taylor, in Lynchburg Sunday. She was the widow of Capt. Jas Wilkinson, and was born in Buckingham county. The deceased was 72 years old.

She is survived by her brother, T. H. Rice, of Buckingham, and four children who reside in different sections of the U. S.

James R. Gillispie.

The announcement of the sudden death of Mr. James R. Gillispie shocked and grieved this community, for he was honored and loved by many.

In many respects he was a remarkable man, his reasoning faculties were strong, convictions decided, individuality pronounced, his conscience, alone was his guide. He indulged in no excesses, was a stranger to vice and his life beautifully exemplifies the power and force of self-mastery, which is the keynote of true manhood and true womanhood

A member of St. Peters Episcopal church and a devout christian, his thoughts, words and deeds seemed shaped and controlled by the Divine Faith, living one of the most thoroughly conscientious men I ever knew.

Duty was his watch word, and it seems so strange and sad that he should have been taken away from earth in its discharge. On his return from a day's canvassing, within a few hundred yards of his home alone, he was stricken by heart failure, from which for some time he had been suffering, and fell and died without a struggle, February 18th, 1907, on the gateway. Aged 78 years. But he was aware for some time that his condition was critical and said he felt ready at any moment to answer the summons, and now as relatives and loving friends are weeping over their loss, he is joyously looking down upon them from Heaven. Thus it has been beautifully said:

"There is no death."
"What seems so is transition."

His journey is ended, and he was buried by the side of his wife, whom he loved so dearly, leaving to his children, who loved him so devotedly, the richest heritage that could be transmitted, 'an honored name and spotless Record,' and there are many who will never forget the hallowed spot at which his dear body will remain until that Great Final Call to which all must respond when the secrets of all hearts will be known.

INTERESTING STORIES ABOUT HOME FOLKS.

Our Correspondents Relate the News of the County.

Hebron.

When the TIMES reached us yesterday we were writing our usual monthly letter, but as a verification of the old adage "great minds run in the same direction" Southside had expressed the same ideas we had penned, especially the sentimental ones about the 'singing frogs, robins and the monotonous subject of the weather. We therefore threw aside our production and will try to answer his varied and numerous questions. We agree with him that we have the best of county papers, and should endeavor to help the editor in his work.

Not wishing to have a name that liveth and yet dead we prefer the name of Hebron, Spanish Oaks being a thing of the past.

While we cannot give the news 'all over the country' we can give a few notes of interest from this delightful garden spot.

Our people are not all sick, though we have many cases of la-grippe around us. Neither is everybody married and gone, for the wave of matrimony has not reached this section the past winter.

Everyone is talking of the Jamestown Exposition; but we do not think the enthusiasm sufficient to interfere with other business. Many are busy getting tobacco stripped for market and waiting for better roads to take it up.

What a blessing a good warehouse at Appomattox would be. The better prices of the weed have greatly cheered the drooping farmers.

Pastor Davidson has been quite sick for several weeks with la grippe He filled his pulpit the 1st Sunday though it was evident he was suffering.

Last Sunday the snow and rain prevented church-going, but it was a fine day for fireside work, instructing the little lambs, reading etc. A Sunday well spent at home is never lost.

Capt. Wat Carson is much better, and we are hoping soon to see him at his church post which he so faithfully fills. His sister Mrs. Lizzie Stratton is somewhat better, but still very feeble. She is a most estimable lady. Miss Martha Carson, our "little Martha" stays by her constantly and is such a comfort. Surely the Lord will reward such a noble sacrifice, giving up school to minister to the suffering aged ones.

Mrs. Mae Carson and little Earle are visiting friends in Lynchburg.

Dr. Whitehead made a flying trip to Brooklyn recently. We will not add what Madam Rumor says of his business there. He has a wife head and we are sure it was of importance and his own business too. There is always regret at his leaving and joy when he returns. Truly his has a strong hold on the hearts and confidence of the people, but we never forget his wholehearted predecessor.

Miss Putney, teacher of Hebron school, has been quite sick, attended by Dr. Whitehead We have a fine corps of teachers in our midst. They will soon be turning their faces homeward and what a vacancy they will leave. I trust we may have our High school in operation by the next term. Mr. T. B. Carson is a great friend to education and a working hard for it.

Our faithful R. F. D. carrier must be very lonely, his cherry wife and little daughter, Lucie, being in Georgia visiting relatives.

Mrs. Marshall Stratton, whose health has been bad for some time, is much improved.

We regret much the illness of Mrs. R F. Burce, the genial, warmhearted hostess. Hope she may soon be up again.

Some of our people planned to attend the preaching by Dr. Taylor but the extreme cold prevented. We are now looking forward to the 5th Sunday, when we hope the cold blasting winds of March will have subsided.

Dear TIMES: In looking over the last issue of the TIMES I see many interesting letters from the different correspondents and I am reminded that it is time I too, was sending some items for its newsy columns.

Most of our farmes have finished selling tobacco. Mr. Charlie Carter received the best prices I have yet heard of. He sold three hundred and fifty pounds for twenty five dollars per hundred, his average being about fourteen dollars around. Mr. A. B. Thornhill also received extra prices but have not heard his average.

The roads are in a fearful condition, but we hope the March winds will soon dry them off.

There has been lots of sickness in this community and Dr. Watts is kept busy most of the time, but he is a hustler and he will deserves the good name he has acquired.

Mrs. T. R Turner, of Lynchburg paid a flying visit to her parents on the second Sunday.

Mr. Whitcomb Wells and Miss Geneva Wells will visit Lynchburg this week. He goes to look after the sales of his tobacco.

That grim monster death has again entered our community and taken perhaps the oldest person in our midst. Died at her home March 13th at midnight Mrs. Mary Childress aged 86 years. She has been a sufferer for many previous to her death Her remains were interred in the old burying ground at three o'clock on the evening of the 15th. Mr. V. S. Reed, of the Y. M. C. A., Gladstone conducted the service. There was a large crowd present to witness the interment. She leaves four children and her grand- children and great grand children number nearly a hundred. She was well beloved by them all but God saw best to call her.

Rev. Mr. Allison will preach at Maple Grove at 11 o'clock on the fifth Sunday and at Liberty Chapel at 3 in the afternoon. We hope for a bright day the fifth Sunday as we have been disappointed so many times lately about services at the Grove.

What has become of the Evergreen correspondent?

Our neighborhood will soon be made lively by the return of the school teachers. Most of them have made good time during the term and we will gladly welcome them home. Some are preparing for nice entertainments for the patrons and friends.

Danger of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. LaGrippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good."

Deafness cannot be Cured.

by local applications, as they cannot reach the disease portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.
